AGENDA FOR TELEPHONE INTERVIEW

Sir:

I would like to request a telephone interview for this week or early next week.

Please consider the following topics for discussion:

- I want to discuss amending claim 1 to include claim 4 and amending claim 15 to include claim 16.

With respect to claim 4, in particular, Pardo discloses adding "indicators" to an instruction while the instruction is in the instruction queue (specifically, Pardo associates watchpoints with an instruction while the instruction is in instruction queue 20).

Amending claim 1 to recite the subject matter of claim 4 (e.g. to read "responsive to receiving an instruction in an instruction cache in a processor in the data processing system, determining whether an indicator is associated with the instruction") would appear to more clearly distinguish over Pardo.

The Examiner is invited to call at the below-listed telephone number to confirm or reschedule the requested telephone interview.
